#### HELPS YOUR FINANCES AFTER A MISHAP.

When you, your spouse or child has a covered accident, like a fall from a bicycle that requires medical attention, you can receive cash benefits to help cover the unexpected costs.

#### HELPS COVER RELATED EXPENSES.

While health plans may cover direct costs associated with an accident, you can use accident benefits to help cover related expenses like lost income, child care, deductibles and co-pays.

#### PAYS CASH BENEFITS DIRECTLY TO YOU.

Accident Insurance can be used however you want, and it pays in addition to any other coverage you may already have. Benefits are payable directly to you. And get this — there are no health questions or pre-existing conditions limitations.

What's more, all family members on your plan are eligible for a wellness-screening benefit, also paid directly to you once each year per covered person.

## Frequently asked questions

#### How do I file an accident claim?

If you have an accident after the effective date of coverage, you can file a claim with us by downloading forms from our website. We'll ask that you and your doctor provide information about the accident and the treatment provided.

#### What happens once my claim is approved?

The benefit amount you receive will depend on your injury and/or the treatment provided. Remember, benefits are payable only once for each covered accident, unless noted otherwise in the benefit schedule.

#### Is there a time period that I need to follow?

Injuries and other related benefits due to a covered accident must be diagnosed or treated within a defined period of time from the date of your accident. This could be as few as three days for certain benefits. Please refer to your Certificate for details.

#### How do I get the Wellness Screening Benefit?

You may be paid the benefit when you or a covered family member submit proof of a covered screening each year, like specific blood tests and cancer screenings, cardiac stress tests, immunizations, school sports exams and more (may vary by state). Our wellness screening benefit claim form can also be downloaded from our website.

#### Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue group coverage when your employment terminates. Your employer can advise you about your options.

#### Is my benefit taxable?

If you or your employer pay for all or part of the cost of coverage on a pre-tax basis, some or all of your benefit amount will be tax reported on a Form 1099 as taxable income. Please reach out to a tax advisor or your employer if you have any questions.

Accident insurance is a limited benefit policy. The Certificate has exclusions that may affect any benefits payable. Benefits payable are subject to all terms and conditions of your Certificate.

## Frequently asked questions

# Do I need to answer any health questions to enroll?

If you contribute to the cost of your insurance, you may need to complete health questions if you don't elect coverage when it's first available to you and you want to elect at a later date, or if you want to increase coverage. To answer health questions, please fill out our Evidence of Insurability Application. Health questions must be approved by Sun Life before coverage takes effect. Please see your Certificate for details.

#### How do I file a Short-Term Disability claim?

If you become disabled after the effective date of coverage, check with your employer to make sure you are eligible for benefits. You can file a claim with us by downloading forms from our website. We'll ask you and your doctor to provide information about your medical condition and your expected recovery.

#### How do I qualify for benefits?

You'll start receiving disability payments if you satisfy the Elimination Period (see "When benefits begin" in the table) and meet the policy's definition of disability. Generally, disability is defined as your inability to perform some or all of your job duties due to your injury, illness or pregnancy and may require that you have also had a certain percentage of earnings loss due to your disability. Please see your Certificate for details.

#### What if I have a pre-existing condition?

If you become disabled within 12 months of your insurance taking effect or 12 months following any increase in your amount of insurance, we will not pay any benefit for any pre-existing condition. A pre-existing condition includes anything you have sought treatment for in the 3 months prior to your insurance becoming effective. Treatment can include consultation, advice, care, services or a prescription for

drugs or medicine.

#### Can I work while I'm disabled?

Your plan is designed to encourage and support your return to work. If you are able to work part-time, for example, you may receive part of your benefit while working.

#### Will income from other sources affect my benefit?

Your benefit may be reduced by Social Security benefits; disability benefits from retirement, government plans or state disability income such as California SDI; state paid family and medical leaves; other group disability plans; no-fault benefits, salary continuance or sick leave; and return-to-work earnings. For more information or to determine if this coverage is appropriate for you, contact your benefits administrator.

#### How is my benefit taxed?

If you or your employer pays for all or part of the cost of coverage on a pre-tax basis, all or part of your benefit amount will be Form W-2 taxable income. In these situations, FICA tax deductions may reduce the amount we will pay you.

The group disability insurance policies described in this advertisement provide disability income insurance only.
