

# Policyholder: NORTH CENTRAL MISSOURI MENTAL HEALTH CENTER

Group critical illness insurance

Benefit summary for all members

### What's available to me?

Help cover some of the expenses associated with a serious illness with critical illness coverage. If you're diagnosed with a specific critical illness while covered under Principal's plan, you'll receive a lump-sum benefit you can use however you need to.

	Benefit	Minimum	Guaranteed issue <sup>1</sup>	Maximum
You	Select a benefit in increments of \$5,000	\$5,000	\$20,000	\$50,000
Your spouse	Select a benefit in increments of \$2,500	\$2,500	\$10,000	\$25,000 up to 50% of your benefit
Your child(ren)	Automatically covered for 25% of your benefit			

<sup>1</sup>Amount of coverage you may buy without providing health information.

### Who can buy coverage?

- You may buy coverage if you're an active, full-time employee working at least 30 hours a week. Seasonal, temporary, or contract employees can't purchase.
  - o If you're on a regularly scheduled day off, holiday, vacation day, jury duty, funeral leave, or personal time off, you're still considered actively at work, as long as you're fulfilling your regular duties and were working the day immediately prior to your time off.
  - o You must enroll within 31 days of being eligible. If you don't, you'll need to provide health information for us to review for approval, or if you have a qualifying event.
- If you're covered, you may buy coverage for your dependents, if they're not confined at home, in a hospital or skilled nursing facility (this is referred to as Period of Limited Activity).

Additional eligibility requirements may apply.

### Do I need to provide health information?

Benefit amounts over the guaranteed issue shown in the table above for you and your spouse will require health information.

#### May I increase my benefit later?

- If you have a qualifying life event (marriage, birth of a child, etc.), you may enroll or increase coverage up to the guaranteed issue amount within 31 days without having to provide health information.
- You may enroll or increase coverage at any time, but you may have to provide health information for yourself or your dependents if it's more than 31 days after becoming eligible for coverage.

Spina bifida	100%	0%

Once enrolled, you'll receive a booklet with more details regarding each of these illnesses.

<sup>2</sup>For diseases covered under the infectious disease benefit, you must be confined to a hospital for at least 3 days.

### What if I've already had a covered illness (referred to as a preexisting condition)?

You may qualify for a benefit if you haven't been treated for this illness (including being seen by a doctor) in the 6 months prior to your coverage effective date or you've had coverage for 12 consecutive months.

#### I've already received a benefit. Can I receive another benefit?

- Is it a different illness? You may receive a benefit if you're diagnosed more than 12 months after your prior illness.
- Is it an additional occurrence of the same illness? You may receive an additional benefit for carcinoma in situ, coronary artery disease, heart attack, invasive cancer, major organ failure and stroke if you're diagnosed more than 12 months after your prior illness and you've been treatment-free for 12 consecutive months.

## Additional benefits:

Health screening	You may receive a \$50 benefit for each covered person who has an eligible health screening test performed, once per calendar year. Make sure to file your claim within a year of the date of service.
Portability	If you no longer qualify for coverage, you may be able to continue coverage for yourself and your covered dependents.
